# RESEARCH TRAVEL GRANTS

The Cushwa Center for the Study of American Catholicism sponsors travel grants to foster research in the University Archives and the Hesburgh Libraries at the University of Notre Dame.

Grants to help defray travel and lodging costs are made to scholars of any academic discipline who are engaged in projects that relate to the study of Catholics in America and stand to benefit from use of collections at the Hesburgh Libraries and the University Archives.

The Archives collects and maintains records, papers, photographs, printed material, and audio-visual material documenting the life of the Catholic Church and its people in the American context. Major subject areas include Catholic press and publishing, higher education, social action, laity, clergy, religious orders, charismatic renewal, and the liturgical movement. Search the collections at [archives.nd.edu](http://archives.nd.edu).
